To: John Karousos, Assistant Chief  
Audio Division of the  
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 231A at Mt. Enterprise, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 231A to Mt. Enterprise, Texas as that community's first local FM service. Mt. Enterprise, Texas is an incorporated city with a population of 525 people and 65 businesses that have been given a credit rating by Dun & Bradstreet as of the last quarter of 2000.<sup>1</sup> Enterprise has its own mayor, Mark Jackson, its own post office, volunteer fire department, city offices, school system and a number of local churches. Mt. Enterprise is a community that is certainly deserving of local FM service. The proposed channel 231A will provide additional diversity and an outlet for local self-expression to Mt. Enterprise residents and therefore is in the public interest.

In order for Channel 231A to be allotted at Mt. Enterprise, the vacant allotment for channel 231C2 at Hodge, Louisiana will need to move its reference coordinates approximately 10 kilometers east.

---

<sup>1</sup> Texas Almanac 2002/ 2003.

The proposed changes are as follows:

	<u>Present</u>	<u>Proposed</u>
Mt. Enterprise, TX	----	231A
Hodge, LA	231C2	231C2 <sup>2</sup>

Attached hereto is a channel study confirming that Channel 231A can be allocated to Mt. Enterprise, Texas, consistent with the FCC's FM separation rules provided the necessary changes are made at Hodge, Louisiana. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment A)

Reference coordinates for Mt. Enterprise, Texas are:

31 59 35 N  
94 40 45 W

In order for Channel 231A to be allotted to Mt. Enterprise, Texas, the reference coordinates for the vacant allotment for Channel 231C2 at Hodge, Louisiana must be move approximately 10 kilometers east. Attached hereto is a channel study confirming that the reference coordinates for Channel 231C2 at Hodge, Louisiana can be relocated consistent with the FCC's FM separation rules. (See, Attachment B)

The new reference coordinates for Channel 231C2 at Hodge, Louisiana are:

32 09 00 N  
92 53 00 W

Should this petition be granted and Channel 231A be allotted to Mt. Enterprise, Texas, Petitioner will apply for Channel 231A at Mt. Enterprise, Texas and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

---

<sup>2</sup> The vacant allotment for Channel 231C2/ Hodge, Louisiana will relocate its reference coordinates to: 32 09 00/ 92 53 00.

Respectfully submitted,

Charles Crawford  
4553 Bordeaux Ave.
